

**CITY OF
DIVISION OF WATER**

January 4, 2024

Re: Water availability at Delavan Ave.

Attn:
Department Manager

Dear Mr.

Please be advised that the City of Division of Water has water service available for Delavan Ave. as our records show a 16-inch water main on E Delavan Ave. located 10 feet North of the North curb, an 8-inch water main on located 20 feet West of the West curb, an 8-inch water main on Norfolk Ave. located 3 feet East of the East curb, and a 6-inch water main on Norfolk Ave. located 7 to 13 feet East of the West curb.

An application for Approval of a Backflow Prevention Device must be submitted to the Division of Water to ensure this building meets the NYSDOH and City of codes for water service when new commercial buildings or renovations to existing buildings are planned.

Sincerely yours,

Associate Engineer
